PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

March 25, 2010

INTRODUCTION

General

Tegal Corporation is soliciting the enclosed proxy for use at the Annual Meeting of Stockholders to be held at 10:00 a.m. Pacific Time on Thursday, March 25, 2010, and at any adjournments or postponements of the Annual Meeting. We will hold the meeting at our principal executive offices at 2201 South McDowell Boulevard, Petaluma, California 94954. We are soliciting proxies for the purposes of: (1) electing each of Gilbert Bellini, Jeffrey M. Krauss, Thomas R. Mika, Carl Muscari and Ferdinand Seemann as a member of the Board of Directors; (2) ratifying the appointment of Burr, Pilger & Mayer LLP as our Independent Public Registered Accounting Firm for the fiscal year ending March 31, 2010; and (3) transacting such other business as may properly come before the Annual Meeting and any adjournments or postponements of the Annual Meeting. The approximate date when this proxy statement and accompanying form of proxy are first being sent to stockholders is February 25, 2010.

Solicitation

This solicitation is made on behalf of our Board of Directors. Costs of the solicitation will be borne by us. Our directors, officers and employees and our subsidiaries may also solicit proxies by telephone, fax or personal interview. No additional compensation will be paid to such directors, officers or employees or subsidiaries for such services. We will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy material to stockholders. The costs of printing, mailing, contacting banks, brokers and proxy intermediaries, soliciting votes and other activities related to the solicitation are estimated to be approximately \$45,000.

Voting

Holders of record of our common stock as of the close of business on February 19, 2010 are entitled to receive notice of, and to vote at, the Annual Meeting. The outstanding common stock constitutes the only class of our securities entitled to vote at the Annual Meeting, and each share of common stock entitles the holder to one vote. At the close of business on February 19, 2010, there were 8,438,115 shares of common stock issued and outstanding. Two or more stockholders representing a majority of the outstanding shares must be present in person or by proxy to constitute a quorum for the transaction of business at the Annual Meeting.

Our transfer agent, Registrar and Transfer Company, Inc., will appoint an election inspector for the meeting to determine whether or not a quorum is present, and to tabulate votes cast by proxy or in person at the Annual Meeting.

Unless contrary instructions are indicated on the proxy, all shares represented by valid proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted FOR:

- the election of each of the directors nominated below; and
- the ratification of the appointment of Burr, Pilger & Mayer LLP as our Independent Registered Public Accounting Firm for the fiscal year ending March 31, 2010.

With respect to any other business that may properly come before the Annual Meeting and be submitted to a vote of stockholders, proxies received by the Board of Directors will be voted in accordance with the best judgment of the designated proxy holders.

Shares represented by proxies that reflect abstentions or "broker non-votes" (*i.e.*, shares held by a broker or nominee which are represented at the Annual Meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal or proposals) will be counted as shares that are present for purposes of determining the presence of a quorum.

In voting for the election of directors, each share has one vote for each position to be filled, and there is no cumulative voting. Directors shall be elected by the person receiving a plurality of the votes cast. Abstentions, withheld votes and broker non-votes will have no effect on the outcome of the election of directors.

All other proposals require the favorable vote of a majority of the votes present and entitled to vote on the particular proposal. Abstentions will have the same effect as votes against such proposals. Broker non-votes will not be counted as votes for or against such proposals and will not be included in counting the number of votes necessary for approval of any such proposal.

Voting Electronically Over the Internet or By Telephone

Stockholders whose shares are registered in their own names may vote by mail or electronically over the Internet or by telephone. Instructions for voting over the Internet or by telephone are set forth in the enclosed proxy card. The Internet and telephone voting facilities will close at 3:00 a.m. (Eastern Time) on March 25, 2010, the Annual Meeting day. If your shares are held in street name, the voting instruction form should indicate whether the institution has a process for beneficial holders to provide voting instructions over the Internet or by telephone. A large number of banks and brokerage firms are participating in the Broadridge Financial Solutions online program. This program allows eligible shareholders who receive a paper copy of the proxy statement the opportunity to vote over the Internet or by telephone. If your voting instruction form does not reference Internet or telephone information, please complete and return the paper voting instruction form in the self-addressed, postage-paid envelope provided. Shareholders who vote over the Internet or by telephone need not return a proxy card or voting instruction form by mail but may incur costs, such as usage charges, from telephone companies or Internet service providers.

Revocability of Proxies

Any proxy may be revoked at any time before it is exercised by filing with the Secretary an instrument revoking it or by submitting prior to the time of the Annual Meeting a duly executed proxy bearing a later date. Stockholders who have executed and returned a proxy and who then attend the Annual Meeting and desire to vote in person are requested to so notify the Secretary prior to the time of the Annual Meeting.

GENERAL INFORMATION

Tegal Corporation, a Delaware corporation, designs, manufactures, markets and services plasma etch and deposition systems that enable the production of micro-electrical mechanical systems, power integrated circuits and optoelectronic devices found in products like smart phones, networking gear, solid-state lighting, and digital imaging. Our plasma etch and deposition tools enable sophisticated manufacturing techniques, such as 3-D interconnect structures formed by intricate silicon etch, also known as Deep Reactive Ion Etching. Etching and deposition constitute two of the principal device production process steps and each must be performed numerous times in the production of such devices. We were formed in December 1989 to acquire the operations of the former Tegal Corporation, a division of Motorola, Inc. Our predecessor company was founded in 1972 and acquired by Motorola, Inc. in 1978. We completed our initial public offering in October 1995. Our principal executive offices are located at 2201 South McDowell Boulevard, Petaluma, California 94954. Our telephone number is (707) 763-5600.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our bylaws require that there be a minimum of two and maximum of eight members of the Board of Directors. Our Board of Directors is currently comprised of five members. Directors are elected at each Annual Meeting and hold office until their successors are duly elected and qualified at the next Annual Meeting. Pursuant to our bylaws and a resolution adopted by the Board of Directors, the authorized number of members of the Board of Directors has been set at six. Accordingly, there is currently one vacancy on our Board of Directors, for which our Nominating/Corporate Governance Committee is working to identify qualified candidates to fill.

In the absence of instructions to the contrary, the persons named as proxy holders in the accompanying proxy intend to vote in favor of the election of the five nominees designated below to serve until the Annual Meeting of Stockholders for the fiscal year ended March 31, 2010 and until their respective successors shall have been duly elected and qualified. Each of Messrs. Bellini, Krauss, Mika, Muscari and Seemann is a current director. The Board of Directors expects that each of the nominees will be available to serve as a director, but if any such nominee should become unavailable or unwilling to stand for election, it is intended that the shares represented by the proxy will be voted for such substitute nominee as may be designated by the Board of Directors. Because the Board of Directors remains in the process of seeking candidates for the one vacant position on the Board of Directors, we have fewer nominees named than the number fixed by our bylaws. Stockholders may not vote for a greater number of persons than the number of nominees named.

In fiscal 2009, the Board of Directors held 5 meetings. All directors attended at least 75% of the total number of board meetings and meetings of board committees on which the directors served during the time they served on the board or committees.

The Board of Directors has determined each of the following current directors is an “independent director” as such term is defined in Marketplace Rule 5605(a)(2) of the Nasdaq Stock Market: Jeffrey M. Krauss, Carl Muscari and Ferdinand Seemann.

The Board of Directors has established a standing Audit Committee, a standing Compensation Committee and a standing Nominating/Corporate Governance Committee. Each of our Audit Committee, Compensation Committee and Nominating/Corporate Governance Committee is composed entirely of independent directors in accordance with current Nasdaq listing standards. Furthermore, each member of our Audit Committee meets the additional independence and financial requirements standards required by the Nasdaq Stock Market and the Securities and Exchange Commission, or SEC. The Board of Directors has further determined that Jeffrey M. Krauss, Chairman of the Audit Committee, is an “audit committee financial expert,” as such term is defined in Item 407(d)(5)(ii) of Regulation S-K promulgated by the SEC, by virtue of his relevant experience listed in his biographical summary provided above.

Nominating/Corporate Governance Committee

The Nominating/Corporate Governance Committee is comprised of Messrs. Krauss, Muscari and Seemann. The Nominating/Corporate Governance Committee held 0 meeting in fiscal 2009. The functions of the Nominating/Corporate Governance Committee are to identify qualified candidates for election to the Board of Directors and establish procedures for the director candidate nomination and evaluation. The Board of Directors has adopted a Nominating/Corporate Governance Committee charter, a copy of which is posted on our website at www.tegal.com.

The Nominating/Corporate Governance Committee considers candidates for director nominees proposed by directors, the Chief Executive Officer and stockholders. The Nominating/Corporate Governance Committee may retain recruiting professionals to identify and evaluate candidates for director nominees. No recruiting professionals were retained for this purpose during fiscal 2009.

The Nominating/Corporate Governance Committee strives for a mix of skills and diverse perspectives that are essential for the Board of Directors. In selecting the nominees, the Nominating/Corporate Governance Committee assesses the independence, business judgment, management, accounting and finance, industry and technology knowledge, understanding of manufacturing, leadership, strategic vision, knowledge of international markets and marketing. Further criteria include a candidate's personal and professional ethics, integrity and values, as well as the willingness to devote sufficient time to attend meetings and participate effectively on the Board of Directors.

Stockholders may recommend potential candidates for director. Recommended candidates are screened according to the criteria outlined above and some recommended candidates may be interviewed by the Nominating/Corporate Governance Committee. The same identifying and evaluating procedures apply to all candidates for direct nomination, including candidates nominated by stockholders.

No candidates were recommended by stockholders during fiscal 2009.

If you would like the Nominating/Corporate Governance Committee to consider a prospective candidate, in accordance with our bylaws, please submit the following information to Christine Hergenrother, Secretary, Tegal Corporation, 2201 South McDowell Boulevard, Petaluma, CA 94954, not less than 60 nor more than 90 days before the anniversary date of the immediately preceding Annual Meeting. For our 2010 Annual Meeting, the notice must be delivered between December 26, 2010, and January 24, 2011. However, if our 2010 Annual Meeting is not held within 30 days of March 25, 2011, the notice must be delivered no later than the close of business on the 10th day following the earlier of the day on which the first public announcement of the date of the 2010 Annual Meeting was made or the day the notice of the 2010 Annual Meeting is mailed. The stockholder's notice must include the following information for the person proposed to be nominated:

- his or her name, age, nationality, business and residence addresses;
- his or her principal occupation and employment;
- the class and number of shares of stock of Tegal owned beneficially or of record by him or her;
- any other information required by the SEC to be disclosed in a proxy statement; and
- a statement whether he or she, if elected, intends to tender, promptly following his or her election or re-election, an irrevocable resignation that will become effective upon the occurrence of both (i) the failure to receive the required vote for re-election at the next meeting and (ii) acceptance of the resignation by the applicable committee of the Board.

The stockholder's notice must also include the following information for the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made:

- The stockholder's names and address;
- the class and number of shares of stock owned beneficially and of record by such stockholder;
- a description of any arrangements or understandings between the stockholder giving notice and each proposed nominee and any other persons (including their names) pursuant to which the nominations are to be made;
- a representation that the stockholder giving notice intends to appear in person or by proxy at the Annual Meeting to nominate the person named in the notice;
- a representation as to whether the stockholder is part of a group that intends to deliver a proxy statement and/or form of proxy to holders of at least the percentage of Tegal's outstanding capital stock required to elect the nominee and/or solicit proxies in support of the nomination; and
- any other information that would be required by the SEC to be included in a proxy statement.

The notice must be accompanied by a written consent of each proposed nominee to being named as a nominee and to serve as a director if elected. The chair of the Annual Meeting will determine if the procedures in the bylaws have been followed, and if not, declare that the nomination be disregarded. If the nomination was made in accordance with the procedures in our bylaws, the Nominating/Corporate Governance Committee of the Board of Directors will apply the same criteria in evaluating the nominee as it would any other Board nominee candidate and will recommend to the Board whether or not the stockholder nominee should be nominated by the Board and included in our proxy statement. These criteria are described above in the description of the Nominating /Corporate Governance Committee. The nominee and nominating stockholder must be willing to provide any information reasonably requested by the Nominating/Corporate Governance Committee in connection with its evaluation.

Stockholders may also communicate directly to members of the Board of Directors or to the chairmen of the standing committees. Communications received in writing will be forwarded to the appropriate member if sent to the following addresses:

The five nominees receiving the highest number of affirmative votes of the outstanding shares of common stock present or represented by proxy and entitled to vote shall be elected as directors to serve until the next annual meeting of stockholders or until their successors have been duly elected and qualified. As a result, abstentions and broker non-votes will have the same effect as "against" votes.

The Audit Committee has adopted a policy that requires the Audit Committee to approve all audit and permissible non-audit services to be provided by the independent auditors. The Audit Committee has established a general pre-approval policy for certain audit and non-audit services, up to a specified amount for each identified service that may be provided by the independent auditors. The Chairman of the Audit Committee may specifically approve any service within the pre-approved audit and non-audit service category if the fees for such service exceed the maximum set forth in the policy, as long as the excess fees are not reasonably expected to exceed \$50,000. Any such approval by the Chairman must be reported to the Audit Committee at its next scheduled meeting. The general pre-approval fee levels for all services to be provided by the independent auditors are reviewed annually by the Audit Committee. However, our board is submitting the selection of Burr, Pilger & Mayer LLP to our stockholders for ratification as a matter of good corporate practice. Ratification requires the approval by holders of a majority of the outstanding shares of company common stock who are present or represented by proxy at the meeting. Broker non-votes will not be counted as votes for or against this proposal and will not be included in counting the number of votes necessary for approval. If our stockholders fail to ratify the selection, the Audit Committee of the Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee at its discretion may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in our best interests and in the best interests of our stockholders.

EXECUTIVE COMPENSATION AND RELATED INFORMATION

Compensation Discussion and Analysis

Overview of Compensation Programs and Philosophy

Our philosophy is to provide a total compensation package that is competitive with the prevailing practices for our industry and geographic locations. We believe that there should be a strong link between pay and performance, both at the Company level and the individual level. Although we believe that exceptional individual performance should be rewarded, we believe that such rewards should not be made unless there has been strong Company performance as well.

Components of Tegal's Compensation Program

There are four major elements that comprise Tegal's executive officer compensation program: (i) base salary; (ii) annual cash bonus, (iii) long-term incentives, such as stock options and restricted stock unit awards; and (iv) retirement benefits provided under a 401(k) plan and health benefits. Tegal has selected these elements because each is considered useful and/or necessary to meet one or more of the principal objectives of our compensation policy. For instance, base salary and bonus target percentages are set with the goal of attracting and retaining employees, adequately compensating them on a day-to-day basis for the time spent and the services they perform and rewarding them for achievement at specified levels of financial and individual performance. Our equity awards are intended to provide an incentive and reward for the achievement of long-term business objectives, including achievement of our financial goals and growth of the Company. Tegal believes that these elements of compensation, when combined, are effective, and will continue to be effective, in achieving the objectives of our compensation programs.

Tegal's compensation program is intended to assure that the Company's compensation and benefits policies attract, motivate and retain the key employees necessary to support the Company's growth and success, both operationally and strategically. The Company intends to design and implement compensation and benefit programs for the Company's officers and other executives in order to meet these guiding principles. To meet these objectives, Tegal has adopted the following overriding policies:

- Use total cash compensation (salary plus annual cash bonus) to recognize appropriately each individual officer's scope of responsibility, role in the organization, experience and contributions; and
- Reward performance by:
 - Providing short-term bonus compensation by establishing a bonus plan to reward corporate and individual achievement; and
 - Providing long-term incentives in the form of stock options and restricted stock unit awards in order to retain those individuals with the leadership abilities necessary for increasing long-term stockholder value while aligning the interests of our officers with those of our stockholders.

The above policies were established by the Compensation Committee (the "Committee") of the Board of Directors (the "Board") in setting executive officer compensation, including the assessment of the appropriate allocation among salaries, short- and long-term incentives. Other considerations include Tegal's business objectives, competitive practices and trends and regulatory requirements.

Oversight of Executive Compensation

Tegal's executive compensation program is overseen and administered by the Committee, which is comprised entirely of independent directors as determined in accordance with various Nasdaq Stock Market, Securities and Exchange Commission and Internal Revenue Code rules.

The Committee meets regularly with Tegal's President and Chief Executive Officer, Mr. Mika, to obtain recommendations with respect to Company compensation programs, practices and packages for executives, other employees and directors. Mr. Mika makes recommendations to the Committee on the base salary, bonus targets and equity compensation for the executive team and other employees. The Committee considers, but is not bound to and does not always accept, Mr. Mika's recommendations with respect to executive compensation. The Committee seriously considers proposals made by Mr. Mika, and executive compensation levels established for fiscal 2009 were generally based upon recommendations made by Mr. Mika.

Mr. Mika attends some of the Committee's meetings, but the Committee also regularly holds executive sessions not attended by any members of management or non-independent directors. The Committee discusses Mr. Mika's compensation package with him, but makes decisions with respect to Mr. Mika's compensation without him present. The Committee has the ultimate authority to make decisions with respect to the compensation of our named executive officers. All grants of stock options to newly-hired employees and to existing employees are made by the Committee or the Board at regularly scheduled quarterly meetings. The Committee also has authorized Mr. Mika to make salary adjustments and short-term incentive (bonus) decisions for all employees other than executive officers.

The Committee reviews the compensation program on an as-needed basis. In setting compensation levels for a particular executive, the Committee takes into consideration the proposed compensation package as a whole and each element individually, as well as the executive's past and expected future contributions to our business.

In determining the particular elements of compensation that will be used to implement Tegal's overall compensation policies, the Committee reviews the Company's financial performance, and the continued improvement expected in the coming fiscal year operating budgets, difficulties still facing the Company in achieving its operating budget, achievement of targeted revenue, gross profit and operating expense levels, as well as the competitive environment in which the Company operates.

The Committee is not authorized to delegate any of its authority to other persons.

Reliance on Compensation Consultants

The Committee has the authority to engage its own independent advisors to assist in carrying out its responsibility. In fiscal 2009, the Committee did not retain a compensation consultant.

Base Salary

The base salary for each named executive officer is generally established through negotiation at the time the executive is hired, taking into account the executive's qualifications, experience, prior salary and competitive salary information. Each year, the Compensation Committee determines whether to approve merit increases to our named executive officers' base salaries based upon their individual performance and the recommendations of Mr. Mika. As a result of such a review, salaries for our named executive officers during fiscal 2009 remained unchanged from fiscal 2008.

Bonus Plan

In order to motivate executives and managers in the attainment of our annual goals and to enhance our ability to attract and retain key managerial employees through a competitive compensation package, in past years we have adopted an annual performance bonus plan for certain executives and managers. Under this plan, each named executive officer or manager typically has an annual bonus incentive target expressed as a percentage of that executive's or manager's base salary. For fiscal 2009, however, no firm target bonuses were established. As a result of the Company's failure to meet its annual financial plan goals, the compensation committee determined that no performance bonuses would be paid.

Long-Term Incentive Compensation

Tegal provides long-term incentive compensation through awards of stock options and restricted stock units that generally vest over multiple years. Tegal's equity compensation program is intended to align the interests of our officers with those of our stockholders by creating an incentive for our officers to maximize stockholder value. The equity compensation program also is designed to encourage our officers to remain employed with Tegal in a very competitive labor market.

Equity-based incentives are granted to our officers under Tegal's stockholder-approved equity incentive plan. The Committee has in the past several years only granted equity awards to executive officers at its scheduled meetings. Grants approved during scheduled meetings become effective and are priced as of the date of approval, or a predetermined future date (for example, new hire grants are effective as of the later of the date of approval or the newly hired employee's start date), provided that if public announcement of material information other than quarterly earnings is anticipated, the grant date may be deferred at the discretion of the Board or Committee until after release of such information. All grants of stock options or other equity awards to newly-hired employees are made by the Committee or the Board at regularly scheduled quarterly meetings. The exercise price of all options is at the closing price of the Company's common stock on the grant date, as reported by the Nasdaq Stock Market.

The Committee believes that stock options and restricted stock unit awards can be effective tools for meeting Tegal's compensation goal of increasing long-term stockholder value by tying the value of the stock options and restricted stock awards to Tegal's performance in the future. The number of options and restricted stock units the Committee grants to each officer and the vesting schedule for each grant is determined based on a variety of factors, including the Committee's goal of increasing the proportion of long-term incentive compensation awarded to executive officers. The stock options granted in fiscal 2009 were based upon recommendations given by Mr. Mika, as well as the Committee's own view as to the performance of each executive. These stock option awards vest 25% per year over four years and have a ten-year term. All stock option grants have a per share exercise price equal to the fair market value of Tegal's common stock on the grant date. No restricted stock units were awarded in 2009 to the named executive officers.

Other Benefits and Perquisites

Our named executive officers are eligible to participate in the Tegal Corporation Employee Savings and Retirement Plan (the "401(k) Plan"). Under the 401(k) Plan, all Tegal employees are eligible to participate and to receive matching contributions from Tegal that are subject to vesting over time.

Tegal also offers a number of other benefits to the named executive officers pursuant to benefit programs that it maintains for broad-based employee participation. These benefits programs include medical, dental and vision insurance, long-term and short-term disability insurance, life and accidental death and dismemberment insurance, health and dependent care flexible spending accounts, business travel insurance, educational assistance, employee assistance and certain other benefits.

In addition, Tegal provides an automobile allowance of \$9,000 per year to Scott Brown, Tegal's Vice President, Sales North America.

Accounting and Tax Considerations

In designing its compensation programs, Tegal takes into consideration the accounting and tax effect that each element will or may have on Tegal and the executive officers and other employees as a group. Tegal recognizes a charge to earnings for accounting purposes when either stock options or restricted stock unit awards are granted. In addition, since restricted stock unit awards provide immediate value to employees once vested, while the value of stock options is dependent on future increases in the value of Tegal stock, Tegal may be able to realize the same retention value from a smaller number of shares of restricted stock units as compared to stock options.

In addition, Tegal has not provided any executive officer or director with a gross-up or other reimbursement for tax amounts the executive might pay pursuant to Section 280G or Section 409A of the Internal Revenue Code.

In determining which elements of compensation are to be paid, and how they are weighted, Tegal also takes into account whether a particular form of compensation will be considered "performance-based" compensation for purposes of Section 162(m) of the Internal Revenue Code. Under Section 162(m), Tegal generally receives a federal income tax deduction for compensation paid to certain executive officers only if the compensation is less than \$1 million during any fiscal year or is "performance-based" under Section 162(m). Our Committee currently intends to continue seeking a tax deduction for all of Tegal's executive compensation, to the extent we determine it is in the best interests of Tegal. All of the stock options granted to our executive officers qualify under Section 162(m) as performance-based compensation.

Compensation Committee Report

The information contained in this report shall not be deemed to be "soliciting material" or "filed" with the SEC or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that Tegal specifically incorporates it by reference into a document filed under the Securities Act or the Exchange Act.

We, the Compensation Committee of the Board of Directors of Tegal Corporation, have reviewed and discussed the Compensation Discussion and Analysis contained in this proxy statement with management. Based on such review and discussion, we have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in Tegal's Annual Report on Form 10-K/A for the fiscal year ended March 31, 2009.

Employment and Change in Control Agreements

Tegal provides for certain severance benefits in the event that an executive's employment is involuntarily or constructively terminated. Such severance benefits are designed to alleviate the financial impact of an involuntary termination through salary (and, with respect to Mr. Mika and Ms. Hergenrother, bonus) with the intent of providing for a stable work environment. We believe that reasonable severance benefits for our executive officers are important because it may be difficult for our executive officers to find comparable employment within a short period of time following certain qualifying terminations. Tegal also believes these benefits are a means reinforcing and encouraging the continued attention and dedication of key executives of Tegal to their duties of employment without personal distraction or conflict of interest in circumstances which could arise from the occurrence of a change in control. We believe that the interests of stockholders will be best served if the interests of our senior management are aligned with them, and providing severance and change in control benefits should eliminate, or at least reduce, the reluctance of senior management to pursue potential change in control transactions that may be in the best interests of stockholders.

Tegal extends severance benefits because they are essential to help Tegal fulfill its objectives of attracting and retaining key managerial talent. These agreements are intended to be competitive within our industry and company size and to attract highly qualified individuals and encourage them to be retained by Tegal. While these arrangements form an integral part of the total compensation provided to these individuals and are considered by the Committee when determining executive officer compensation, the decision to offer these benefits did not influence the Committee's determinations concerning other direct compensation or benefit levels. The Committee has determined that such arrangements offer protection that is competitive within our industry and company size and to attract highly qualified individuals and encourage them to be retained by Tegal.

Employment Agreements with Thomas R. Mika and Christine T. Hergenrother. Tegal has entered into an at-will employment agreement with each of Mr. Mika and Ms. Hergenrother. The employment agreements had an initial term of two years and are subject to annual automatic one year extensions unless either party provides prior notice of its intention not to renew. Under his agreement, Mr. Mika's annual base salary is initially set at \$284,000 per year subject to review and potential increase in accordance with Company policy. Under her agreement, Ms. Hergenrother's annual base salary is initially set at \$175,000 per year subject to review and potential increase in accordance with Company policy. The employment agreement also provides for an annual target bonus equal to a specified percentage of annual base salary (50% for Mr. Mika and 30% for Ms. Hergenrother) payable upon achievement of targets and other objectives set by the Board and for annual long-term incentive awards with a fair market value on the date of grant equal to a specified percentage of annual base salary (100% for Mr. Mika and 30% for Ms. Hergenrother).

The employment agreement with Mr. Mika provides that in the event that Mr. Mika's employment is terminated by us other than for "cause", if he resigns for "good reason," dies or becomes disabled, or if we give notice of nonrenewal of the term, he will receive continued payments of base salary for a period of twenty-four months following the date of termination, plus an amount equal to two times the average annual incentive bonus paid to Mr. Mika for the three most recently completed fiscal years in which a cash bonus program covering Mr. Mika was in effect or a cash bonus was actually paid, payable in equal installments over a period of twenty-four months following the date of termination. In the event that within twelve months following a "change of control," he is terminated by us other than for "cause" or if he resigns for "good reason", the severance benefits will be payable in a lump sum and any long-term incentive awards outstanding shall become fully vested, and if applicable, exercisable.

The employment agreement with Ms. Hergenrother provides that in the event that her employment is terminated by us other than for "cause", if she resigns for "good reason," dies or becomes disabled, or if we give notice of nonrenewal of the term, she will receive continued payments of base salary for a period of twelve months following the date of termination, plus an amount equal to the average annual incentive bonus paid to Ms. Hergenrother for the three most recently completed fiscal years in which a cash bonus program covering Ms. Hergenrother was in effect or a cash bonus was actually paid, payable in equal installments over a period of twelve months following the date of termination. In the event that within twelve months following a "change of control," she is terminated by us other than for "cause" or if he resigns for "good reason", the severance benefits will be payable in a lump sum and any long-term incentive awards outstanding shall become fully vested, and if applicable, exercisable.

For purposes of the employment agreements, "cause" generally means an executive's willful engagement in an act or omission which is in bad faith and to the detriment of Tegal, his or her engagement in misconduct, gross negligence, or willful malfeasance, in each case that causes material harm to Tegal, his or her breach of the employment agreement, his or her habitual neglect of or material failure to perform his or her duties (other than any failure resulting solely from physical or mental disability or incapacity) after a written demand for performance is delivered to him or her by Tegal, his or her conviction of a felony or any crime involving moral turpitude, his or her use of drugs or alcohol in a way that either interferes with the performance of his or her duties or compromises the integrity or reputation of Tegal, his or her engagement in any act of dishonestly involving Tegal, his or her disclosure of confidential information of Tegal not required by his job duties, his or her engagement of commercial bribery or the perpetration of fraud. An executive will have 45 days to cure any event which could lead to termination for cause, if such events are curable.

For purposes of the employment agreements, “good reason” generally means the assignment to an executive of principal duties or responsibilities, or the substantial reduction of his duties and responsibilities, either of which is inconsistent with his or her position, a material reduction in his or her annual base salary, except to the extent the salaries of other executives of Tegal are similarly reduced, a relocation of his or her principal place of business by more than 50 miles from either Petaluma or San Jose, California, or any material breach by Tegal of the employment agreement that is not cured within 45 calendar days following written notice of the breach to Tegal.

For purposes of the employment agreements, “change of control” generally means a sale of substantially all of the assets of Tegal, a merger of Tegal with or into another corporation in which the holders of at least 50% of Tegal’s outstanding voting power hold less than 50% of the outstanding voting power immediately after such merger, or during any period of two consecutive years, individuals who, at the beginning of such period, constitute the Board together with any new directors whose election by the Board or nomination for election by Tegal’s stockholders was approved by a vote of at least two-thirds of the directors then still in office who were either directors at the beginning of the two-year period or whose election or nomination for election was previously so approved, cease for any reason to constitute a majority thereof.

Executive Severance Plan. In addition, the Board has approved a severance program for executive officers which generally provides for severance in an amount equal to six month’s base salary in the event an executive officer’s employment is terminated by Tegal without cause, however, in the event that an executive officer is terminated by Tegal without cause within 12 months following a change of control, the Company will continue to pay such executive officer’s base salary for a period of 12 months.

For purposes of the executive severance program, the terms “cause” and “change of control” generally have the same meanings given to such terms in Mr. Mika’s employment agreement.

POTENTIAL PAYMENTS UPON TERMINATION

The following table summarizes potential change in control and severance payments to each named executive officer. The three right-hand columns describe the payments that would apply in three different potential scenarios — a termination of employment as a result of death, disability or our non-renewal of a written employment agreement; a termination of employment as a result of the named executive officer's termination of employment by us other than for cause (or, with respect to Mr. Mika and Ms. Hergenrother, his or her resignation for good reason); or a termination of employment as a result of the named executive officer's termination of employment by us other than for cause (or, with respect to Mr. Mika and Ms. Hergenrother, his or her resignation for good reason), in each case within 12 months following a change in control. The table assumes that the termination or change in control occurred on March 31, 2009.
