## RENNOVA HEALTH GIVES FINANCIAL UPDATE ON 2018

**WEST PALM BEACH, Fla. (February 20, 2019) – Rennova Health, Inc. (OTC: RNVA), (OTC: RNVAW)** , (“Rennova” or the “Company”), a vertically integrated provider of industry-leading diagnostics and supportive software solutions to healthcare providers that acquired its second rural hospital in Tennessee on June 1, 2018, announces that its 2018 revenues demonstrate continued growth momentum.

Rennova is pleased to announce preliminary net revenues for the year ended December 31, 2018 of approximately \$15.3 million. This number remains subject to final review and potential adjustment before the annual financial statements are filed. This represents an increase of approximately \$10.7 million from the reported net revenues for 2017. This preliminary revenue includes operations of Rennova’s second hospital in Jamestown, Tennessee, which it acquired on June 1, 2018. The Company continues to take a conservative position on revenue recognition in hospital operations and will maintain this position until we have adequate historical information to evidence total collection rates.

“We believe that 2018 was a pivotal year and expect our business model for the rural hospital sector to deliver profits and significant growth for Rennova in the coming years,” said Seamus Lagan, CEO of Rennova. “We expect increased revenue in 2019 from ownership of existing facilities for the full year and continue to analyze additional acquisition opportunities with an expectation that one or more will be accomplished in 2019. We expect to file our 2018 financial statements on time and look forward to providing a further update when filed.”
